

Share an asset with the Open SUNY effort

Shine a light on your campus!

Share the assets already in action on your campus that might inform the design of Open SUNY.

What assets are relevant for the Open SUNY effort?

Assets could include:

- Student supports (e.g., tutoring services, academic advising)
- Faculty supports (e.g., instructional design support)
- Academic initiatives (e.g., process for evaluating experiential learning)
- Campus and system-wide initiatives and supports (e.g., IP policies, cross-listing agreements with partner campuses)

Why share an asset?

This is the first step in a process to build on and reward the best practices that already exist across the SUNY system.

Benefits of sharing an asset include:

- ♦ Meaningful opportunities to shape the design of Open SUNY
- ♦ Significantly expanded publicity for your investments
- ♦ Resources to scale or enhance your assets

What is the process to share an asset?

Faculty and staff are encouraged to share assets with sponsorship from campus leadership.

Please submit assets by Friday, October 4th at 5 pm using the survey link below:
